Quote Overview

This quote outlines enterprise licensing terms for AetherForge, the original, governed, monetizable platform providing runtime license enforcement, post-quantum cryptography (PQC) security, modular agent federation, immutable audit logging, and self-healing orchestration. All terms are governed by the End-User License Agreement (EULA) attached as Appendix A. AetherForge enables enterprises to deploy secure, compliant multi-agent systems with immediate revenue generation via tiered features. Key capabilities include: Runtime license validation (fail-closed on expiry/revocation) PQC primitives (Kyber512 key exchange, Dilithium2 signing) for quantum-resistant artifacts Immutable audit bus with one-click compliance exports (JSON/CSV) Self-healing deployments to Kubernetes/AWS/Azure/GCP with circuit breakers and rollbacks Monetization hooks for subscriptions/one-time purchases, integrated with Stripe

Pricing Tiers

Tier	Annual Fee	Key Features	Ideal For
Starter	\$25,000	Unlimited agents, full PQC, basic audits, on-prem only	Mid-size teams scaling agents
Unlimited	\$99,000	Multi-tenant, 99.99% SLA, custom compliance exports, priority support	Enterprise-wide adoption

Payment Terms: 50% upon signature, 50% within 30 days. Invoicing via Stripe/ACH.
Discounts: 10% for annual prepay; 15% for 3-year commitment.

Scope of License

Grant: Non-exclusive, non-transferable license to use AetherForge software for internal business purposes, limited to the tier purchased. **Restrictions:** No reverse engineering, redistribution, or modification. Violations trigger immediate revocation and liquidated damages of 3x license fee. **Support & Maintenance:** Unlimited email/ticket support; major updates included. Custom integrations billed at \$250/hour. **Confidentiality:** All proprietary elements (source, keys, algorithms) treated as trade secrets under NDA. **Warranty:** 90-day defect warranty; services provided "as-is" thereafter. Limitation of liability: Max license fee. **Termination:** Upon material breach (30-day cure period); post-termination, cease use and destroy copies.

Acceptance & Next Steps
